**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have been with a competitive provider (Sonic) for last 3 years or so because of the terrible service I had received for years with AT&T (if you don't believe me, check the reviews - it's hard to earn one star with thousands of reviews). I have also benefited from reliable service and reasonable charges from switching my telephone services to Sonic.

As a consumer, having a competitive provider has allowed me to experience internet service without exorbitant fees. As a small business owner, I frequently work from home and having broadband access is critical for business and personal use.

AT&T's plan to block access for competitive providers will clearly adversely affect service and prices for consumers!

Sincerely,

Gordon C. Lundy, M.D.
